Built Better To Build Better

# **FESTOOL**®

At Festool, we strive to understand what you demand out of a tool. We don't just manufacture professional power tools, we design, research, and develop our tools in the hands of tradespeople like you. We do this so that each and every single tool and product we make not only meets your needs, but surpasses your expectations about what a power tool can do.

Quality and reliability are integral to our entire manufacturing process. Many Festool power tools have already been in use for 30 years or more. Along with our focus on high-performance and longevity, we concentrate on ergonomics as well, so that you can work better with superior results.

In the following pages, you will see how every tool and accessory we manufacture is unmatched in quality, functionality and longevity. You will also discover how each product fits into our Festool system, which will help you maximize performance.

# BUILT BETTER BETTER FESTOOL

FESTOOL

As you know, our tools are built to deliver durable quality, reliable precision, and dependable power that you can see and feel every time.

a

Our mission is to build better tools to empower tradespeople to deliver outstanding work by helping them build cleaner, faster, smarter...better.

festoolusa.com/builtbetter #FestoolBuiltBetter

# SAVE TIME AND GET MORE DONE.

For projects big and small, you expect a lot from your tools. What if there was one solution that combined everything and saved you time?

Our cordless tools are made for superior sawing, greater control when drilling and screwdriving, more comfortable sanding, and absolute reliability when cutting and grinding.

Cordless Power. Built Better.

# NEW PRODUCT LAUNCH

## CTC SYS cordless Systainer extractor

Enables virtually dust-free work without the need for a power outlet and excels with maximum suction power thanks to the 36 V turbine with 2 x 18 V battery packs.

# CTC MIDI cordless compact dust extractor

Enjoy the freedom and convenience of cordless dust extraction. The new CTC MIDI is our largest and most powerful cordless dust extractor yet – featuring a 36-volt turbine (18V x 2) with up to 109 CFM (3100 l/min) and 76" (19000 Pa) of static water lift.

# Mobile Saw Table STM 1800

Ideal for cutting sheet goods and/or using as an assembly bench on construction sites, production shop, or the home workshop: designed to be operated by one person, saving both time and money during your fabrication and assembly process.

# TCL 6 DUO rapid charger

The TCL 6 DUO Rapid Charger supplies enough power to charge two battery packs at the same time. This is beneficial for all tools with a 2 x 18 V dual battery system. Suitable for virtually all battery packs from the 10.8 V, 14.4 V and 18 V classes, whether Li-HighPower Compact battery packs, the handy Ergo packs or all AIRSTREAM variants (with the exception of BP-XS for CXS/TXS 10.8 V).

# Join MyFestool!

Register your tool to benefit from our all-inclusive warranty. Gain access to exclusive promotions, events and content.

# Festool SERVICE

# Buy with confidence.

Festool's 3-2-1 Service is tailored to the demands of your daily work.

3-Year Wear & Tear and Free Repair Shipping, 2-Day Standard Repair Turnaround Time, 1-Month Satisfaction Guarantee.

### Warranty all-inclusive.

- 3-Year Comprehensive Warranty Coverage including wear and tear!
- 3-Year free shipping to and from Festool service department.

10-Year spare parts guarantee- Festool's are built to last.

30-Day money back guarantee is the best way to test our promise.

Not convinced in 30 days then simply get your money back.

## Tools repaired by Festool experts.

2-Day standard repair turnaround time - includes a full analysis and repair. The tool is returned to you repaired, cleaned, tested and ready to use.

# How it works:

Create your personal MyFestool account. Once you've confirmed your dedicated account, you have access to customized information and direct contact with Festool at all times.

## How you'll benefit:

- Quick and easy registration of newly purchased tools for warranty all-inclusive.
- Overview of your registered tools and their warranty periods.
- Download of warranty certificate for a tool within the warranty period.
- Simplified search for spare parts for your tools.
- Fast access to all current information from Festool.

# Dedicated service line: 888-337-8600

# Enjoy all the benefits and create your free account today.

# **DUST EXTRACTION** Staying Clean & Efficient.

Festool's Dust Extraction is the heart of the system. Provides quicker cleanup and smoother finishes while helping to protect the air you breathe.

**AUTOclean** 

FESTOOL

# THE NEW CORDLESS SYS & MIDI DUST EXTRACTORS

CORDLESS. POWERFUL. PORTABLE.

#### Practical remote control

Switching on the extractor via the remote control directly on the suction hose saves you a trip to the extractor. Ideal for occasional cleaning tasks.

Integrated Bluetooth® technology Ideal combination with Festool cordless tools. Convenient and fast: The extractor switches on automatically via the Bluetooth® battery pack.

Suction power regulation Adjustable suction power in three levels. The appropriate level can be selected depending on the application, which increases the battery runtime.

Sanding

# Determine which CT Dust Extractor is right for the job.

>> OSHA Table 1 Silica dust control solution for the applications outlined as; iii, vii, viii, x, xi, xii (\*always check your local guidelines to ensure the proper equipment and PPE is being used for the given application). \*Select Models

>> HEPA Filtration helps to ensure compliance with best practices as directed by OSHA and the EPA (please check your local jurisdiction for compliance).

#### >> AC (AutoClean) Function

automatically cycles the filter cleaning action to help ensure optimum airflow and suction performance.

units manufactured from 2019 onwards

Anti-Static Hoses: Anti-static design helps to eliminate dust particle buildup on the hose exterior, also preventing

clogging and errant shocks. Includes rotating connector (extractor end) and reducing sleeve (tool end).

36 mm Diameter Hos	ies		
(STP)	Suction hose D36/32x3.5m-AS/R For the CT 36 AC / CT 48 AC	\$195.00	204923
67	Suction hose D 36x3.5m-AS/CTR For the CT 26 / CT 36 / CT 48	\$195.00	204924
STP	Suction hose D 36x5.0m-AS/CTR For the CT 26 / CT 36 / CT 48	\$229.00	204925
STP	<b>Suction hose D 36x7.0m-AS/CTR</b> For the CT 26 / CT 36 / CT 48	\$279.00	204926

Sleeved Anti-Static Hoses: Integrated external sleeve protects the work surface and edges of material being machined as well as allows the hose to freely move over edges. Equipped with integrated Plug-It cords, these tapered hoses are compatible with most Plug-It equipped tools. Hoses are tapered for greater flexibility and airflow.

#### 40 FESTOOL Multifunction Tables

# **MULTIFUNCTION TABLES** Stable, reliable and mobile work surface.

The Festool Multifunction Table (MFT) is a versatile, sturdy platform for quick projects or a long day's work. Our MFT's allow fast setup, quick and secure clamping, plus easy compatibility with our Festool system.

N. V. V. IIIPIIN

# NEW STM 1800 Mobile Saw **Table and Work Bench**

Ideal for cutting sheet goods and/or using as an assembly bench on construction sites, production shop, or the home workshop: designed to be operated by one person, saving both time and money during your fabrication and assembly process.

- **Convenient:** Quick and easy set up in the shop or jobsite environment.
- **Adaptable:** Robust design for a long service life, compact to transport and store, stable footprint to manage a variety of sheet sizes.
- **Ergonomic:** Reduce fatigue and improve workflow with an ergonomic approach to handling sheet goods and assembly tasks.

A supplemental work surface that's quick to set up with vast clamping options.

# MFT/3 Basic

Specifications	
Table dimensions	45" x 30" (1,157 x 773 mm)
Table height, legs folded away	7" (180mm)
Table height, legs unfolded	35" (900mm)
Max. workpiece thickness	3-1/16" (78 mm)
Max. workpiece width	27-9/16" (700 mm)
Load Capacity	264.56 lbs (120 kg)
Weight	61.73 lbs (28 kg)

# MFT/3-MINI

495465 \$579.00

Though this basic, shorter version of the MFT/3 was engineered especially for use with the KAPEX miter saw, it delivers the full versatility and features of the Festool Multifunction Table System.

Specifications			
Table dimensions	34" x 23" (869 x 581 mm)		
Min. working height with foldaway legs	7" (180mm)		
Working height with legs	31" (790mm)		
Load Capacity	264.56 lbs (120 kg)		
Weight	41.89 lbs (19 kg)		

**Guide Rail System** For use with TS Track Saws, HK Carpentry Saws and OF Routers; make cross cuts, angle cuts and compound cuts. Use with router for rabbets, dados, grooves and flutes.

Guide Rail Supports (2x), Angle Unit (protractor head), Fence Rail, Fence Rail Clamp, Adjustable Stop, Guide Rail FS/2 1080 (42").

#### Portable

Multifunction Tables are easy to store and transport. Stowaway folding legs enable two distinct working positions—full height or near the floor.

#### **Grid-hole pattern**

Uniform hole pattern provides the basis for secure clamping, so you spend less time trying to get a grip on tricky workpieces.

- > Available in energy sets which offer two different battery pack options

# **Cordless Cutting Solutions**

Superior solutions on the go. Precise cuts and maximum performance.

# CARVEX Jigsaws PSC 420 / PSBC 420

Tackle your most demanding (and remote) applications with the robust and versatile Carvex Cordless Jigsaws. Designed to deliver the same performance as their corded counterparts while taking advantage of the toolless base change platform, these revolutionary jigsaws will have you forgetting that you've cut the cord.

(Page 102-104 for more information)

### Track Saw TSC 55 KEB

Often, even just a millisecond is crucial: The kickback is the most common cause of serious injuries when using a track saw. Our unique kickback stop therefore stops the saw blade of our cordless track saw in the blink of an eye, and so not only protects your workpiece but also helps to minimize the risk of injury to your hands. When combined, our new generation of saw blades allow for maximum cutting performance and perfect cutting quality at up to twice the speed with an extended battery range.

(Page 78 for more information)

# Carpentry Saw HKC 55

Making exact and repeatable cuts quickly and accurately anywhere without sacrificing accuracy with a standard circular saw, makes this the ultimate solution for all wood processing on the jobsite. Coupled with FSK Guide Rails with integrated angle stops, HKC saws bring a higher degree of efficiency, repeatability, accuracy, and quality of cut unlike any circular saw before. Also compatible with all existing FS Guide Rails.

(Page 90 for more information)

## VECTURO Oscillating Multi-Tool OSC 18

The ultimate in versatility, the cordless VECTURO oscillating multi-tool combines limitless functionality with exceptional controllability — delivering precise results in the trickiest of places. The StarlockMax® tool holder makes it possible to change tools quickly without the need for additional equipment. Additionally, the brushless EC-TEC motor with vibration isolation ensures that work can progress at an ultra-rapid pace at the same consistently high level of comfort. (Page 114 for more information)

### Angle Grinder AGC 18

The powerful AGC 18 cordless angle grinder is highly durable and built for the professional remodeler who needs reliable, versatile performance. With its enclosed brushless motor, protected electronics, and variable speed, the AGC 18 is built to last and perform in a broad variety of applications. Extremely simple to use — with a keyless arbor and guard change, and variable speed. **(Page 258 for more information)**

Greater Control. Fast and powerful dirlling and screwdriving.

## Impact Driver TID 18

This compact powerhouse offers an impressive service life thanks to its extremely robust impact mechanism. The perfect combination of the new generation brushless EC-TEC motor and 4.0 Ah battery pack ensure maximum performance and endurance. (Page 162 for more information)

# Easy Drill Driver T 18 Easy

Experience full power when drilling and screwdriving: the completely electronic torque adjustment can handle any drilling or screwdriving task. The combination of the 4.0 Ah Li-HighPower battery pack and maintenance-free brushless EC-TEC motor means that the T 18 E cordless drill is light, long-lasting and durable. Convenient fixed metal chuck with a range up to ½" capacity.

(Page 166 for more information)

## Drill Driver T 18+3 / C 18

The T-Series and C-Series cordless drills are incredibly versatile. Drill and driver bits up to 1/2" in shank diameter, lighter Centrotec chuck with its full array of interchangeable drill and driver bits, 90° angle to the drive motor for tight spaces.

FastFix chuck system, LED illumination, bit storage, removable/reversible belt clip, optional offset chuck. 18V battery system.

(Page 178 for more information)

### Drill Driver TXS 12 / CXS 12

Our infamous go-to drill. Whether you're checking off your punch list or assembling large projects - this compact and lightweight drill delivers plenty of torque for drilling and driving, making it feel like an extension of your hand.

Fully-featured drill with FastFix chuck system, LED illumination, bit storage, removable/ reversible belt clip. 12V battery system.

(Page 180 for more information)

### QUADRIVE Hammer Drill TPC 18

Powerful. Versatile. With four gears for every application. And with the best gear change you have ever operated. Whether you are working on wood, metal or masonry – thanks to the axial hammer feature that can be switched on: The TPC is extremely durable and, thanks to its brushless EC-TEC motor, has extreme resilience and endurance.

FastFix chuck system, kickback stop to minimize risk of the drill twisting out of your hand, LED illumination, bit storage, removable/reversible belt clip. 18V battery system.

(Page 168 for more information)

#### **Drywall Gun DWC 18** Hanging drywall is serious work and requires

Hanging drywall is serious work and requires a serious drywall gun. Introducing the most refined and capable drywall gun yet - built to make hard work less hard on you. Equipped with magazine attachment for using commonly available collated screws, on-demand push and drive system (no need to hold the trigger), electronic cut-off, precision depth control, userserviceable magazine, and EC-TEC brushless motor. Quiet, efficient, and accurate, for faster installs with less fatigue.

18V battery system (Page 172 for more information)

# Rotary Hammer BHC 18

The best power-to-weight ratio in its class. Combined with a compact and ergonomic C-handle design, the light weight and low vibration makes for efficient and comfortable one-handed use, whether for extended periods or even overhead applications.

# Sanding Solutions

Ultimate sanding performance. A balanced design for comfort and control.

# Random Orbital Sander ETSC 125

Finish Orbital Sander RTSC 400

Delta Finish Orbital Sander DTSC 400

Cordless sanders that provide the same functionality of its corded counterpart but with hybrid power options - use it cordless or corded. Available in a 5/64" (2 mm) stroke. Integrated, removable Protector provides protection to abutting surfaces as well as the pad for up close sanding applications.

18V Ergo battery system (Page 210, 216, 218 for more information) **Compact Solutions** 

Sound and lighting. Compact, low weight and robust.

# SYSROCK Jobsite Radio

Fill the shop or jobsite with unbelievably big sound from the tiny 6" Jobsite Radio that weighs less than 2 lbs. (0.7 kg). The featurerich compact SYSROCK provides FM Radio reception, Bluetooth® streaming capability, hands-free calling, aux-in, and much more. Listen to your tunes on your terms with either corded or cordless functionality. Dynamic Sound Processor (DSP) automatically adjusts the sound at all volume levels to produce full and natural sound with rich bass without distortion. Built-in microphone lets you take calls from your phone hands free. All this provides the perfect sound for your day even in extreme work conditions.

(Page 196 for more information)

States and the second second second second

# **Dust Extraction Solutions**

Staying clean & efficient. Cordless. Powerful. Portable.

Cordless freedom with maximum portability. Fully equipped with timesaving and performance-enhancing features such as push-button suction control, manual filter cleaning, exterior-accessible filter drawer, smooth hassle-free hose, robust connection sleeve for secure leak-free connections, and Systainer integration for easier transport.

(Page 20, 24 for more information)

# SYSLITE<sup>®</sup> II LED Work Lamp

The SysLite's robust build and shock-resistant body is easy to carry and designed to perform when you need it most. Updated with higherperforming LEDS to emit 50% more light with the same power consumption. 20% longer runtimes with a higher capacity internal battery, improved color temperature (5,000 Kelvin), and integrated emergency lighting function. Can be used with external Festool batteries or plugged directly into a power source.

# process by up to 60%.

The AIRSTREAM system - a combination of the AIRSTREAM SCA 8 rapid charger and the AIRSTREAM battery pack – reduces the cooling time of the battery and thus the entire charging process by up to 60 percent.

**Dust-free working** made easy.

With the Bluetooth® battery pack, the mobile dust extractor is automatically started up when the cordless tool is switched on. All 18 V battery packs are available with Bluetooth® technology and are already included with delivery for many cordless tools.

### **Incredible** Power and Precision.

Suitable for cutting solid doors, truing rough lumber, cutting out window frames, and stacked sheet goods.

**TS 75 EQ** 575389 \$799.00

0 S# 0 11:11:

TS 75 EQ Plus FS 575390 \$975.00

- When used with Festool guide rails, you can achieve perfectly straight and splinter-free cuts.
- Spring-loaded riving knife (splitter) keeps the cut kerf open so that the material does not pinch the blade. This reduces the chance of kickback.
- The slip clutch helps to minimize the risk of a kickback and minimizes wear on the blade, gear case, and motor. (TS 75 only)
- Blade changes are easier and safer using the FastFix system which locks switch and arbor simultaneously for easy arbor bolt removal.

#### Invented by Festool as a new product in 1964. The Guide Rail FS system has evolved once again to improve cuts on all surfaces.

The new Guide Rail FS/2-KP is easy to transport with the Systainer System. Adhesive pads provide a secure grip on difficult surfaces. Self-aligning connectors to provide convenient connection of two guide rails. A high quality angle stop for accurately repeated angle cuts and a new extended deflector to prevent suction hoses and cables from catching on the guide rail.

96 FESTOOL Sawing

- The KAPEX features a rail forward design which increases precision and creates a compact footprint while preventing head play for accurate cuts.
- Easily align cuts from the left or right side using the dual lasers. The lasers clearly define the material which will be removed during the cut.
- Micro-adjustable bevel with up-front rotary knob. Large bevel scale and fine pointers make it easy to set precise bevel angles.
- Dust extraction up to 91% with behind the cut dust hood and pivoting 36 mm hose.

WOOD

PLASTICS

Material		Saw Blade	Application	
		Basic	For quick cuts in wood where high precision is not required.	
		Fine Cut	For precisely cut and splinter-free surfaces.	
	<b>Wood</b> For outstanding results	Straight Cut	For highly precise perpendicular cuts thanks to extremely sharp Japanese teeth – the fibers are first scored, then cut through cleanly.	
WOOD	in wooden materials with high-grade HCS tool steel.	Universal	The universal blade for perpendicular cuts fundamentally encompasses all relevant applications involving wood. Also ideal in combination with the Festool guide rail.	
		Curves	ldeal for curves – even extremely tight radii are possible.	
	Plastic materials	Solid Materials	For the toughest demands such as plastic solid material and fiber-reinforced plastics.	
PLASTICS	Specially designed for excellent cutting results in virtually all plastics.	Profile	For plastic profiles, acrylic glass (e.g. Plexiglas®) and soft plastics.	
		Laminate	For laminate and boards bound with melamine resin.	
METAL	<b>Metal</b> Rippled basic form made from HCS bimetal – ideal	Steel/Stainless Steel	For machining aluminum, non-ferrous metals and steel.	
	for machining metals such as aluminum and steel.	Sandwich Materials	For sandwich materials.	
		Abrasive Materials	For gypsum and cement-bound chipboard and fiberboard.	
BUILDING MATERIALS	Building materials Carbide-tipped for the longest service life even	Ceramics	For cutting brickwork and ceramics.	
	with abrasive materials.	Insulation	For soft insulating materials, cardboard and polystyrene.	

Metric dimensions binding. Fits both PS and PSB.

#### Anatomy of a Festool Jigsaw Blade

Engineered for cutting efficiency, long life, and superior cut results, Festool T-shank jigsaw blades fit most professional jigsaws and are available for various materials.

Whether cutting wood, plastics, non-ferrous metals, steel, or special materials like fiberglass and foam, these blades have you covered. And they're designed for various cut types—straight and splinter-free, curves, bends, and thick-material cutting.

Jigsaw blade set 204275 \$55.00 Including:

5 Wood Fine Cut saw blades (204256, S75/2,5/5); 5 Wood Universal saw blades (204316, S 75/4 FSG/5); 5 Wood Straight Cut saw blades (204260, S 75/2,8/5); 5 Wood Curves saw blades (204265, S 75/4 K/5); 5 Wood Basic saw blades (204305, S 75/4/5)

• Complete cordless mobility thanks to the 18V lithium-ion battery pack

- Optional system accessories make it possible to create precisely guided plunge cuts and saw with minimal dust generation - even when working overhead
- Noise and vibration damping for optimum comfort while working. The anti-vibration system ensures that the housing and motor are completely isolated
- Brushless EC-TEC motor with variable speed control enables work to progress as quickly as possible
- The keyless quick-change system with StarlockMax® tool holder enables tools to be changed quickly without the need for additional equipment

Quick-change Starlock® integration

Decrease your set-up times with saw blades and accessories that can be changed without the need for additional equipment.

The new innovative tool holder for changing accessories and consumables without the need for additional equipment.

Compatibility: The STARLOCK® system is divided into three performance classes to protect individual machines from overloading and damage:

#### The VECTURO OSC 18 is equipped with a StarlockMax® tool holder, making it compatible with all Starlock® accessories.

For the tool holder, compatibility with accessories is in one direction only – backwards compatible from StarlockMax® to Starlock®.

# **ROUTERS** Uncompromised accuracy and control.

Our routers surpass the most demanding requirements. But even more surprising is the versatility, accuracy, and ergonomic comfort and control present across the lineup. Couple our routers with a CT Dust Extractor or FS Guide Rail to experience an incomparable system working at all levels.

#### Modular

One motor, multiple bases, and tool-less change. Vertical and horizontal bases are wide for greater stability.

EQ/B Plus pictured below.

**Our smallest router** that has a modular design to provide the perfect edge.

EQ Set pictured.

**Edge Router** MFK 700 EQ Set

576239 \$659.00

• Powerful 720 watt (6.0 amp) motor can easily tackle most trimming, profiling and routing applications with variable speed and detachable cord.

- Vertical and horizontal extra-wide bases provide ample support area for maximum control especially near edges or on narrow stock.
- Micro-adjustable depth control to 1/256 inch (1/10 mm) with dual locking columns for precise routing control.
- Threaded insert to accept template guides and phenolic resin baseplate to easily glide on a surface without marring the material to be routed.

#### **MFK Accessories**

Whether trimming laminate or doing fine detail work, the MFK 700 is an excellent choice. Broaden the scope of possibilities with multiple base options or perform guided cuts with the optional parallel edge guide.

-	Edge Guide	\$83.00	495182
	Create grooves, flutes, dados, ploughs and rabbets in parallel to an edge with 1/256" (1/10 mm) fine-adjustment ability. Included dust extraction hood accepts standard 27 mm hose. (Includes guide rods, as pictured)		
	<b>0° horizontal base</b> 0° degree Horizontal base unit allows for the usage of bearing-less bits, and designed for straight routing. Features 1/256" (1/10 mm) adjustment.	\$159.00	491427
	<b>1.5° horizontal base</b> 1.5° degree Horizontal base unit allows for the usage of bearing-less bits, while providing a no-file edge. Includes base, bearing set, and dust hood.	\$159.00	495165
	<b>Collet</b> 1/4" collet with nut	\$49.00	488761
	8 mm collet with nut	\$49.00	488755

For a complete list of accessories, including bits and cutters, visit festoolusa.com

# The ideal router for all your light routing tasks.

Trim laminate and edge band or route grooves for inlays easily with the MFK 700 EQ Set.

Due to the nature of the horizontal base design, there is a limit to the bit size for use in this configuration. Do not use a bit with a cutting length greater than 5/8" (16 mm) and a shank length of 1-13/16" (46 mm). For greatest range of adjustment, a 3/4" (19 mm) bit diameter is recommended. Metric dimensions binding. Fractional measurements provided to nearest 32nd of an inch for reference only.

Grin

integration of the FS Guide Rails, dust extraction and a wide range of accessories allow for precise cuts.

Router festoolusa.com 125

The system

### **Compact and easy to maneuver** with a 55 mm plunge depth.

- Torsionally rigid plunging action due to guide columns on both sides
- Routing depth adjustment to 1/256" (1/10 mm)
- Chip extraction system integrated into the router base for hose diameters D 27 and D 36
- Clear view of the routing area
- MMC (Multiple Material Control) electronics for adaptation to the working material and temperature monitoring
- Quick and easy bit changes
- Compact design and light weight

### Invented by Festool as a new product in 1964. The Guide Rail FS system has evolved once again to improve cuts on all surfaces.

The new Guide Rail FS/2-KP is easy to transport with the Systainer System. Adhesive pads provide a secure grip on difficult surfaces. Self-aligning connectors to provide convenient connection of two guide rails. A high quality angle stop for accurately repeated angle cuts and a new extended deflector to prevent suction hoses and cables from catching on the guide rail.

**OF 1400 EQ Plus** 576213 \$699.00

- Ergonomic handle with full-grip is designed for increased control and reduced fatigue with power switch and speed control at the fingertips.
- The OF 1400 EQ Router provides a smooth 2-3/4" plunge action on precision ground rods and a double column clamp with a quick and secure plunge lock.
- Micro-adjustable depth control to 1/256" (1/10 mm) with ball detents which allows you to dial in your routing with tremendous precision.
- MMC electronic controls provide constant speed under load for improved cut quality, step-less variable speed, and overload and thermal protection.

# Protect router bits and easily transport them. Router Bit Organizer Systainer.

To store, organize, and transport up to 40 router bits in a foam insert. Holds 1/4", 8 mm, & 1/2" bits.

The largest and most powerful router with an 80 mm plunge depth.

0F 2	2200 E	ΞB
576223	\$1,099.00	

- Easily plunge into 8/4 hard maple and make a 1/2" groove in a single pass.
- With 2200 watts of power, you might think you are working with a portable shaper.
- Designed for exceptional maneuverability on the jobsite or in the shop.

#### Increasing Efficiency. Saving you both time and money.

Minimize the lifetime cost of ownership by separating and collecting large debris and coarse dust before it reaches your CT Dust Extractor. The CT CYCLONE helps to reduce consumption of filter bags and filters. Integrated design makes for easy storage and transportation by fitting securely within the Festool SYSTAINER modular storage system. For more information see page 42.

	Includes same as above but with Metric Template Guide Bushing (17, 24, 27, 40 mm) (494 622, 494 623, 494 624, 494 626).		
	Guide Stop	\$155.00	494681
	Includes Guide Stop and accessory offset baseplate for use with OF 2200 and FS Guide Rails. Guide Rods (495 247) not included.		
	Edge Guide	\$115.00	494680
	Create grooves, flutes, dados, ploughs and rabbets by accurately guiding the router. Does not include Dust Hood (489 565) or Guide Rods (495 247).		
	<b>Rod (2 pieces)</b> Attach Edge Guides or Guide Stops to routers.	\$33.00	495247
	Template Guide Base	\$71.00	494675
· •	Uniform base support surface with dust extraction channels for use with template guide bushings.	••••••	
	Small Bore Base	\$71.00	494677
	Accessory base for use with small diameter edge-forming bits. Provides stability on outside corners by extending the base to the inside near the bit.		
	Table Widener	\$115.00	494682
3	Oversized, heavy-duty baseplate with integrated rotating chip catcher. Increased hole diameter size for larger edge-forming bits. Increased base width for greater support. Aids starting and finishing cuts with extended base surface.		
	Collet		
	3/8" collet with nut	\$55.00	494464
	8 mm collet with nut	\$55.00	494460
	1/2" collet with nut	\$58.00	494465
	<b>Template</b> 1/2" OD / 13/32" ID	\$24.00	495339
	3/4" OD / 21/32" ID	\$24.00	495340
	1" OD / 29/32" ID	\$24.00	495341

### **OF 2200 Accessory Kit**

Imperial	Metric
576833 \$465.00	576832 \$465.00

Available in both Metric and Imperial sets, these kits provide an organized system to store and transport all OF 2200 accessories. Fully stocked set includes Parallel Edge Guide, Guide Stop, Guide Rods, Table Widener Base, Small Bore Base, Template Guide Base, Offset Base for Guide Rail and Template Guide Bushings.

#### **OF Accessories**

#### SYS3-0F D8/D12

Store, organize, and transport up to 40 router bits. Holds 1/4," 8 mm, and 1/2" bits. (Router bits not included)

# JOINERY

### Maximize the accuracy, speed, and ease of joinery.

Join the Domino® revolution. Make perfectly aligned, long-lasting, secure joints for furniture, doors, and casework. The DOMINO stands alone as the unmatched solution for repeatable mortise and tenon joinery.

### DOMINO<sup>®</sup> Joining System.

Flawless mortises every single time.

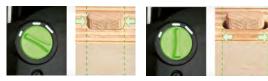

**Revolutionary Cutting Method.** 

The spiral cutter rotates and oscillates to create perfect mortises. Connect frames,

panels, tops, and loose-tenons with flawless mortises every single time.

Mortise Width Adjustment

Joinery festoolusa.com 147

Adjusting the width of the mortise allows for easier alignment when joining panels.

### DOMINO® DF 500 Q DOMINO® DF 500 Q Set 576423 \$1,199.00

- Mortise width adjustment with the turn of a dial allows for easier alignment when joining panels.
- Pivoting Fence allows you to create angled mortises from 0-90° with positive stops at 22.5°, 45°, 67.5°.
- Indexing stops for quick alignment against the edge of the workpiece for accurate placement.

#### Make knock-down joinery simple and stable. DOMINO connector range for basic structure and furniture connectors.

576419 \$1,069.00

The new DOMINO connectors make knock-down joinery simple and stable. Quickly and easily assemble, separate, and reassemble your work for increased flexibility across a wide range of applications - from corner panel joints to center panel joints to joints between a series of holes. For increased stability, speed, and flexibility.

#### **DOMINO®** Accessories

Extend the range of the Domino® joining system with attachments that deliver precise repeatability, consistent spacing, secure and accurate centering, and more. Since applications range from small to large, a full assortment of tenon types and sizes are also available, with color-coded cutters to match.

	DF 500 Q Accessories		
342	<b>Cross Stop</b> For repeat hole spacing between 3-7/8" and 8-1/16" (100 mm and 205 mm). The Cross Stop enables precise and repeatable mortise placement across the surface or edge of a workpiece. Increase efficiency by eliminating the need for witness or scribe marks. Adjustable-spaced pins register against the starting edge of the material or in the previous mortise for accurate and consistent spacing of mortises.	\$87.00	498590
	<b>Trim Stop</b> For narrow material between 7/8" and 2-3/4" (22 mm and 70 mm) in width. The Domino Trim Stop enables precise and repeatable mortise placement in ends of narrow workpieces, such as rails or spindles. Sides adjust independently for centered or off-center mortising.	\$87.00	493487
	<ul> <li>Hand rail fence</li> <li>For centering on round stock between 1-3/8" and 2-3/8" (35 mm and 60 mm) in diameter. The Domino Handrail Fence aligns mortises in round workpieces, such as handrails. Attaches quickly and easily to the Domino Joiner without the need for tools.</li> </ul>	\$87.00	494847
	<b>Support Bracket</b> Easily balance the fence of the Domino Joiner on narrow stock or when used in vertical plunging for increased accuracy in placement of mortises. Integrated flip stops provide reference points at 20mm from the edge.	\$40.00	495666

### **PLANER** Get the results you're looking for faster.

Festool's HL 850 E planer features a single-knife head that cuts with a shearing action. What you get is cleaner glue- or finish-ready cuts, quieter operation and reduced vibration (meaning lower user fatigue). No matter if you're looking to go at your most frequent planing tasks with speed, or bring some architectural refinement to your work, the answer lies with Festool.

For tackling the most frequent planing tasks with speed.

- Single knife cutter-head with spiral design and replaceable cutting knife for a smooth, quiet and "chatter-free" cut.
- Multiple head options to create rustic architectural effects in beams and flooring.
- Unlimited rabbeting depth with flush cutter side design and retractable spring-loaded guard.
- Rotary handle depth adjustment allows precise depth setting from 0" (0) 1/8" (3.5 mm).

#### The heart of the Festool System. Dust Extraction provides quicker cleanup and smoother finishes while protecting the air you breathe.

Practical features on the mobile dust extractors help improve workplace organization and improve the cleanup process. Combining this with tried and tested benefits is what makes the Festool suction system even more efficient and comfortable – the best ever.

BHC 18 Basic 576512 \$415.00

- The best power-to-weight ratio in its class.
- Compact and ergonomic C-handle design.
- Light weight and low vibration makes for efficient and comfortable one-handed use, whether for extended periods or even overhead applications.

Three large drawers with dividers in an all-new, lighter format than traditional SORTAINERS. Optional Storage Boxes can be used for even greater organization for greater onsite efficiency. Sanding

Ergonomic C model with 18-volt power. Basic Set 576439 \$329.00 576994 \$555.00

- Brushless motors deliver longer run times, more screws per charge and a significantly longer service life.
- Internal sensors immediately disengage the drill motor once the desired torque setting has been achieved, preventing overdriving and stripping.
- FastFix tool-less chuck exchange system dramatically expands the range, taking the place of five different tools.

### **TOP 3** Accessories

**Eccentric Chuck** Allows drilling/driving right into corners. Chuck rotates 360° with 16 presets. For more information: Page 182

- These compact cordless drills are the smallest extension to the Festool Li-Ion drill platform.
- Exceptional ergonomics, with a battery design that removes bulk from the handle, ensuring maximum comfort over extended use.
- Switch easily from drilling to fastening without changing the torque setting, with a slip of the lever into independent drill and torque settings.

Weighing in just under 2 pounds, these drills will not leave you feeling fatigued even after all day use.

Standard package includes		
StickFix Soft Sander Backing Pad 80x133		
Plug-It Power Cord		
Edge Protector		
Long-life dust bag		
SYSTAINER	SYS3 M 187	
Specifications		
Power consumption	250 watt	
Idle engine speed	6,000 - 12,000 RPM	
Sanding stroke	1/16" (2 mm)	
Interchangeable sanding pad dia.	3-5/32" x 5-1/4" (80 x 133 mm)	
Dust extraction connection dia.	1-1/16" (27 mm)	
Weight	2.65 lbs (1.2 kg)	

**DTS 400 REQ** Delta pad 576061 \$299.00

- For tight corners and close to edge of materials.
- Sand off paint and varnishes on window frames.
- With a short 5/64" (2 mm) stroke for super-fine finish.

### **RTS 400 REQ** Rectangular pad 576054 **\$299.00**

- For flat, vertical and overhead surfaces.
- Compact and low weight.
- Like the DTS 400, vibration-stop balancing reduces fatigue with prolonged use.

**DTS 400 REQ** 576061

#### **Protection Pads**

The protection pads and granat net abrasives, when used together, can be used over a long period of time, and the multiple formats mean you'll have the right one for every task.

For a complete list of pads and abrasives visit festoolusa.com.

## Saphir Abrasives

for aggressive stock removal and heavy stripping jobs with hard, stubborn and thick coatings.

Available in P24-P80 - grit abrasives for heavy-duty applications. Durable aluminum oxide abrasive incorporates a tear-resistant fabric backing for extended service life in extreme applications such as hogging out hard or heavily worn surfaces.

## **Rubin 2 Abrasives**

## quickly shed wood fibers and eliminate clogging, keeping the abrasive sharp.

Building on the industry-leading performance of the original Rubin abrasive, Festool's Rubin 2 sets a new standard for efficiency - perfect for all bare wood-finishing applications. Rubin 2 is designed to minimize the time spent on each level.

### Abrasive Systainers

Stores any abrasive in a dedicated space, clearly organized, efficiently protected against moisture and always on hand. The pivotal point of the Systainer is the T-LOC, the central control element: Close, open, connect with just a single turn.

To see more of the abrasive systainers available see page 63.

### **Dust Extraction**

Transform your sanding experience by connecting seamlessly to a Festool CT Dust Extractor. Lightweight and portable, the CT MIDI has the capacity for common sanding tasks.

See more on the CT MIDI Dust Extractor on page 28.

# HAND SANDING

## Achieve an outstanding final finish.

An extension of the Festool abrasive line-up for machines, featuring Granat and Vlies abrasives to match material removal capacity and long service life that creates the perfect surface performance.

Buipue

## Flexible and universal hand sanding for a variety of sanding tasks.

## **Benefits**

Longer service life and a high material removal rate due to special fused aluminum oxide. Synthetic resin for entirely bonded grits delivering long lasting cutting power. Due to the unmatched grit bonding you will have less grit break out when folding or conforming to your surface.

9" x 11" Granat sheet stock abrasive. Durable abrasive resists loading. Durable bound resists separating even when folded. Available in grits P40 - P400.

# GRINDER

## Built for the professional remodeler.

The powerful AGC 18 cordless angle grinder is highly durable and built to last and perform in a broad variety of applications for the professional remodeler who needs reliable, versatile performance.

## AGC 18 Angle Grinder

Basic 576824 \$399.00 Set 576823 \$629.00

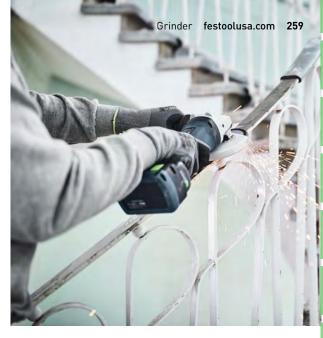

- Work appropriately for the material: Speed can be steplessly adjusted between 4500 and 8500 rpm.
- Ideal ergonomics for cutting work: Its design means that it fits well in the user's hand, runs smoothly and generates few vibrations.
- Systems get it done: Compatible with the battery packs and chargers in the Festool 18 Volt System.
- Get results fast: Thanks to the powerful, brushless and therefore maintenance-free - EC-TEC motor.
- Soft start-up, electronic overload protection, motor brake and restart protection.
- Robust and long-lasting: Enclosed motor and cast electronics are safely protected against dust.

Working with the material in mind Steplessly adjustable speed of 4500-8500 rpm.

#### Garantía limitada de Festool USA LLC todo incluido

Festool USA LLC ("Festool") garantiza que todas las herramientas eléctricas nuevas de Festool compradas a distribuidores autorizados en los Estados Unidos estarán libres de defectos de materiales y mano de obra durante un período de 3 años a partir de la fecha de compra original al por menor.

#### Garantía limitada todo incluido

Las condiciones de la Garantía limitada con todo incluido son las siguientes:

Esta garantía se aplica durante tres años a partir de la fecha de compra original. Se requiere comprobante de compra. Esta garantía no es válida si la herramienta no se usa, opera, repara y mantiene de acuerdo con el manual de instrucciones de la herramienta.

## Quedan excluidos de la cobertura de esta garantía:

- Accesorios y / o aditamentos, que incluyen, entre otros, hojas de sierra, brocas, brocas para enrutar, discos de lijado y ropa.
- 2. Herramientas compradas fuera de los Estados EE. UU. Unidos
- Reparaciones o reemplazos no realizados por un centro de servicio autorizado de Festool, fuera del mantenimiento de rutina como se establece en el manual de instrucciones
- 4. Piezas o componentes no suministrados por Festool o que han sido modificados
- Daños causados por mal uso, abuso, accidente, impacto, desgaste anormal, almacenamiento inadecuado y / o exposición a los elementos, o negligencia.
- 6. Daños causados por cualquier otra cosa que no sean defectos de materiales y mano de obra
- Ajustes normales y mantenimiento recomendado según se establece en el manual de instrucciones de la herramienta
   Daños por el funcionamiento de la
- ballos por en unicionalmento de la herramienta a un voltaje o frecuencia diferente de la clasificación de la herramienta, incluido el uso de transformadores
- 9. Daños resultantes del uso de accesorios o aditamentos que no sean de FESTOOL
- 10. Herramientas utilizadas en aplicaciones industriales de gran volumen

Si ocurriera cualquier falla cubierta por esta Garantía limitada, el comprador debe comunicarse con Festool a través de nuestro sitio web, www.festoolusa.com/service o llamar al 888-337-8600 para obtener autorización e información de envío. Festool, a su entera discreción, puede optar por reparar, reemplazar o reembolsar el precio de compra de cualquier herramienta cubierta por esta Garantía limitada que se encuentre defectuosa, sin costo para el comprador. Las devoluciones en garantía serán procesadas por Festool de acuerdo con el flujo de trabajo normal y la disponibilidad de repuestos y componentes. Festool emitirá una etiqueta de envío prepago para la devolución de la herramienta al centro de servicio de Festool y también devolverá la herramienta reparada con el flete prepago, si la reparación o el reemplazo están cubiertos por esta Garantía limitada.

FESTOOL NO SERÁ RESPONSABLE DE NINGÚN DAÑO CONSECUENTE, INCIDENTAL O ESPECIAL INDEPENDIENTEMENTE DE LA TEORÍA DEL DERECHO EN QUE SE BASE EL RECLAMO. TODAS LAS GARANTÍAS IMPLÍCITAS POR LA LEY ESTATAL, INCLUIDAS LAS GARANTÍAS IMPLÍCITAS DE COMERCIABILIDAD Y APTITUD PARA UN PROPÓSITO EN PARTICULAR, ESTÁN LIMITADAS A LA DURACIÓN DE TRES AÑOS.

ALGUNOS ESTADOS DE EE. UU. NO PERMITEN EXCLUSIONES / LIMITACIONES DE DAÑOS INCIDENTALES O CONSECUENTES Y / O LIMITACIONES SOBRE LA DURACIÓN DE UNA GARANTÍA IMPLÍCITA, POR LO QUE ES POSIBLE QUE LA LIMITACIÓN ANTERIOR NO SE APLIQUE EN SU CASO. ESTA GARANTÍA LE OTORGA DERECHOS LEGALES ESPECÍFICOS Y TAMBIÉN PUEDE TENER OTROS DERECHOS QUE VARÍAN DE ESTADO A ESTADO EN LOS

Con la excepción de las garantías implícitas en las leyes estatales o provinciales según lo limitado anteriormente, la garantía limitada anterior es exclusiva y sustituye a todas las demás garantías, acuerdos y obligaciones similares de Festool. Ningún agente, representante, distribuidor, concesionario o empleado de Festool tiene la autoridad para aumentar o modificar las obligaciones o limitaciones de esta garantía.

Los datos personales que hemos recibido a través del registro de su herramienta para la garantía de Festool con todo incluido (incluida la carga de facturas) (por ejemplo, nombre y apellido, dirección) se almacenan, procesan o utilizan exclusivamente para el manejo de los servicios asociados. ## Manual de instrucciones

Advertencia

Para reducir el riesgo de lesiones personales y para obtener el mejor rendimiento óptimo de la herramienta, asegúrese de leer, comprender y seguir todas las instrucciones de seguridad y operación del manual de instrucciones antes de usar la herramienta. Un manual de instrucciones se suministra con cada herramienta. Si el suyo está perdido o si tiene preguntas, llame al 888.337.8600 para obtener un reemplazo.

#### Advertencia de salud

Varios polvos creados por lijado, aserrado, esmerilado, taladrado y otras actividades de construcción contienen productos químicos canocidos (por el Estado de California) que causan cáncer, defectos de nacimiento u otros daños reproductivos. Algunos ejemplos de estos productos químicos son: el plomo de las pinturas a base de plomo; sílice cristalina de ladrillos y cemento y otros productos de albañilería; Arsénico y cromo de la madera tratada químicamente.

El riesgo de estas exposiciones varía según la frecuencia con la que realice este tipo de trabajo. Para reducir su exposición a estos productos químicos: trabaje siempre en un área bien ventilada. Festool recomienda utilizar extractores de polvo con cada herramienta eléctrica. Si la inhalación de polvo, sin embargo, excede el nivel ambiental (fondo), use un respirador aprobado por NIOSH / MSHA para el material en cuestión.

#### Renuncia

Festool se reserva el derecho de realizar cambios o mejoras en sus productos sin incurrir en una obligación adicional de realizar los cambios o mejoras correspondientes a los productos fabricados o vendidos anteriormente. Festool se reserva el derecho de suspender los productos en cualquier momento sin previo aviso. Todas las ilustraciones y fotografías mostradas en

## Festool USA LLC Limited

Warranty all-inclusive Festool USA LLC ("Festool") warrants that

all new Festool power tools purchased from authorized dealers in the United States will be free from defects in materials and workmanship for a term of 3 years from the date of original retail purchase.

#### Limited Warranty all-inclusive

Conditions of the Warranty all-inclusive Limited Warranty are as follows:

This warranty applies for 3 years from the date of original retail purchase. Proof of purchase is required. This warranty is void if the tool is not used, operated, repaired and maintained in accordance with the tool's instruction manual.

## Excluded from this warranty's coverage are:

- Accessories and/or attachments, including, but not limited to, saw blades, drill bits, router bits, sanding discs and apparel
- 2. Tools purchased from outside of the United States
- Repairs or replacements not performed by an authorized Festool Service Center, outside of routine maintenance as set forth in the instruction manual
- 4. Parts or components not supplied by Festool or that have been modified
- Damage caused by misuse, abuse, accident, impact, abnormal wear and tear, improper storage and/or exposure to the elements, or neglect
- 6. Damage caused by anything other than defects in materials and workmanship
- Normal adjustments and recommended maintenance as set forth in the tool's instruction manual

8.

voltage or frequency different from the tool's rating, including the use of transformers 9. Damage resulting from the use of any non-FESTOOL accessories or attachments

Damage from the operation of the tool at a

10. Tools used in high volume industrial applications

Should any failure covered by this Limited Warranty occur, the purchaser must contact Festool through our website, www.festoolusa. com/service or call 888-337-8600 for authorization and shipping information. Festool, in its sole discretion, may elect to repair, replace or refund the purchase price of any tool covered by this Limited Warranty that is found to be defective, at no cost to the purchaser. Warranty returns will be processed by Festool according to normal work flow and availability of replacement parts and components. Festool will issue a prepaid shipping label for return of the tool to the Festool Service Center and will also return

the repaired tool freight prepaid, if the repair or replacement is covered under this Limited Warranty.

FESTOOL SHALL NOT BE LIABLE FOR ANY CONSEQUENTIAL, INCIDENTAL OR SPECIAL DAMAGES REGARDLESS OF THE THEORY OF LAW ON WHICH THE CLAIM IS BASED. ALL WARRANTIES IMPLIED BY STATE LAW, INCLUDING THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE ARE HEREBY LIMITED TO THE DURATION OF THREE YEARS.

SOME STATES IN THE U.S. DO NOT ALLOW EXCLUSIONS/LIMITATIONS OF INCIDENTAL OR CONSEQUENTIAL DAMAGES AND/OR LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE TO STATE IN THE U.S.

With the exception of any warranties implied by state or province law as limited above, the foregoing limited warranty is exclusive and in lieu of all other warranties, guarantees, agreements, and similar obligations of Festool. No agent, representative, distributor, dealer, or employee of Festool has the authority to increase or otherwise modify the obligations or limitations of this warranty.

The personal data which we have received through the registration of your tool for Festool's warranty all-inclusive (incl. invoice-upload) (e.g. first and last name, address) are stored, processed or used exclusively for the handling of the associated services. The legal basis for this is Art. 6 para. 1 lit. b) GDPR. If and insofar as you delete your MyFestool account, we will continue to store your personal data required for the fulfilment of the contract until the warranty expires.

All data is used by Festool and Festool GmbH. In addition, we may transfer the data to TTS Tooltechnic Systems AG & Co. KG. The legal basis for this is our company interest, Art. 6 para. 1 lit. f] GDPR. The data will not be transferred to other third parties or otherwise used for advertising purposes. For further information on data protection, please see https://www.festoolusa.com/ legal-information/data-protection
