ORDERING INFORMATION49

Innovation

The Custom Accents® grommet collection is designed to help facilitate the flow of wires and cords around the desktop and work areas. Streamline the desk or work station with this extensive selection of grommets. Telephone wires, computer and keyboard cables, desk lighting cords, laptop wires, cell phone / tablet cables, and video component cables are easily managed and controlled. By eliminating wire clutter, office and home environments become neater, safer, and more efficient.

WIRE GROMMET

This unique three-piece wire grommet allows for adjustable hole openings. The wire grommet is offered in three different sizes and several different color options. Ideal for workspaces with computers and various electronics, this grommet can easily handle multiple data, power, and peripheral cables, as well as phone, fax, and coaxial lines. The 50mm Wire Grommet is ideal for smaller spaces with a single computer, whereas the 60mm and 80mm Wire Grommet is ideal for multiple computers and electronics. The adjustable top allows cables to be fed through from any direction while the size of the opening can be adjusted to free up more space or tighten to secure the cables.

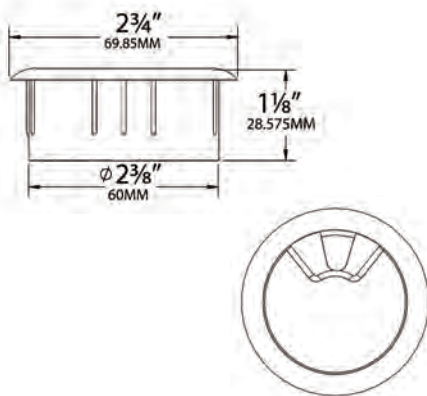

Custom colors are available upon request.

FLEXIGROM® WIRE GROMMET

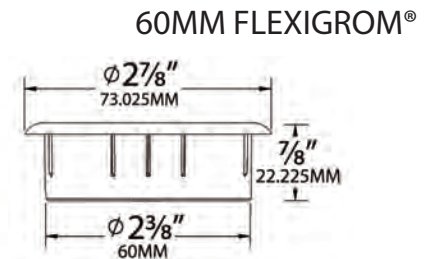

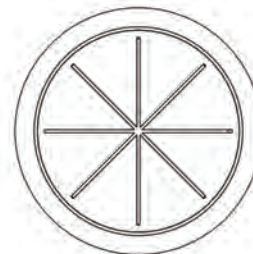

The Flexigrom® Wire Grommet features a flexible top that allows multiple wires to be fed from any direction. This grommet also features a one-piece construction that eliminates lost covers or pieces. The soft top is safe for all wires and cables that are fed through the grommet, and will easily allow movement through the grommet without causing damage, while providing a firm grip that will prevent the wires and cables from falling down when not in use.

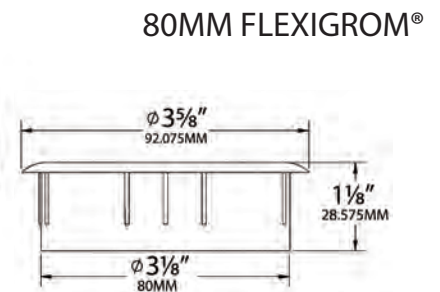

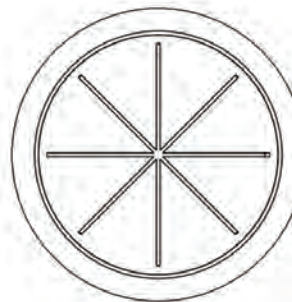

Custom colors are available upon request.

Magnetic Pocket Side Connector

Magnetic Pocket Top Connector

The patented Link 360™ is a new multi-directional cable manager that is used for height-adjustable mechanisms. Simply add Link 360™ elements to achieve the desired height. Wires and cables are fed from the work surface down through the elements to the weighted foot at the bottom. The Link 360™ is flexible and can be attached to the leg of the table base by use of the Link 360™ magnetic pockets or tape, or it can be free-standing.

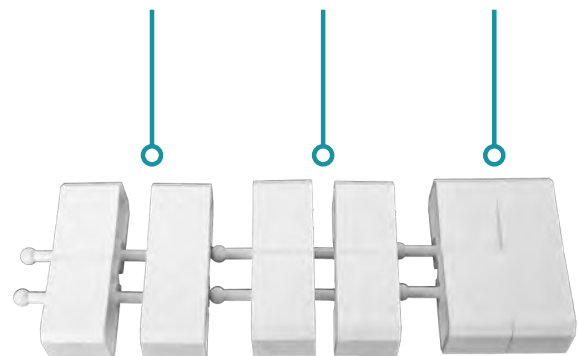

360™ LINK

4 colors &
360 degrees of flexibility

3 different positions

The Link 360™ Elements can be individually snapped in place into three positions: Most flexible, less flexible, and most rigid. The rigid position is best for use as a horizontal wire manager.

WIRE MANAGEMENT

Organize and control wires from the floor to the work surface

CABLE SNAKE

The Cable Snake is a unique wire manager for controlling wires from the work surface to the floor. All wires are completely hidden and protected inside the Cable Snake; the wires are then fed out through the bottom at the foot enabling the user to plug them into a socket. It is highly flexible and can be used on stationary or height-adjustable desks and comes with the top mounting plate and foot.

The Cable Snake can also be purchased a la carte, enabling you to configure it how you would like.

It can be used with or without the Cable Trough (sold separately).

CABLE TROUGH 

The Cable Trough is an injection molded wiring duct made from high-impact glass-filled nylon and designed to be snapped together to create any length channel you need in 8" increments. It is also designed to be easily installed underneath a work surface by means of the Fold Fastening Set or to a vertical panel with the Wall Mounting Bracket. The Fold Fastening system allows the Cable Trough to be tilted in either direction so that you can easily access the cabling when necessary. Enclose the channel with the Cable Trough End Cap and guide the wires down to the floor using the snap-in Cable Snake (sold separately). The Cable Clamp can snap into the hole in the Trough for help in managing and securing the cables.

Special kit packaging available upon request.

WIRE MANAGEMENT

Organize and control wires from the floor to the work surface

WAVE CABLE GRIP

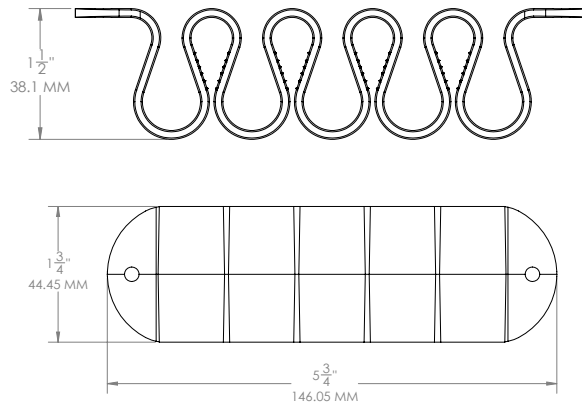

Designed and manufactured by Custom Accents®, the Wave Cable Grip features an intelligent design that allows cables, wires, and other items to slip into the unit and stay in place without the use of any accessories or adhesives. Place these grips anywhere you need to get cables under control, such as underneath the work surface, sides of work stations, walls, or even on top of a desk. Simple to install with only two screws, users can easily move the Wave Cable Grip to different positions as their work environment changes. Easily slip cables into the fingers of the Wave and they will be held confidently in place wherever the Wave is mounted. Ride the Wave!

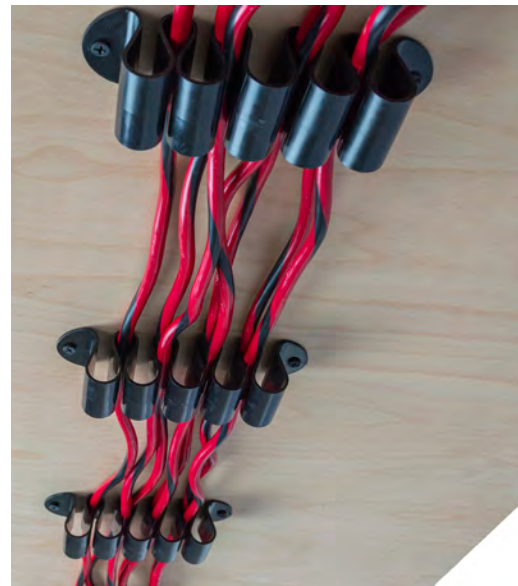

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR

PENCIL AND NOTEBOOK DRAWERS

The n00k™ is a drawer with ball bearing slides designed to fit underneath work surfaces, especially height adjustable tables. The n00k™ is smaller in size, only 8" in depth, and features a tray that can slide across the drawer and can also be removed and placed on the work surface to hold accessories or personal items. The tray also allows for easy access storage inside the drawer so items can be quickly reached. There is also a spot on the n00k™ drawer to easily place pens and pencils to be within reach.

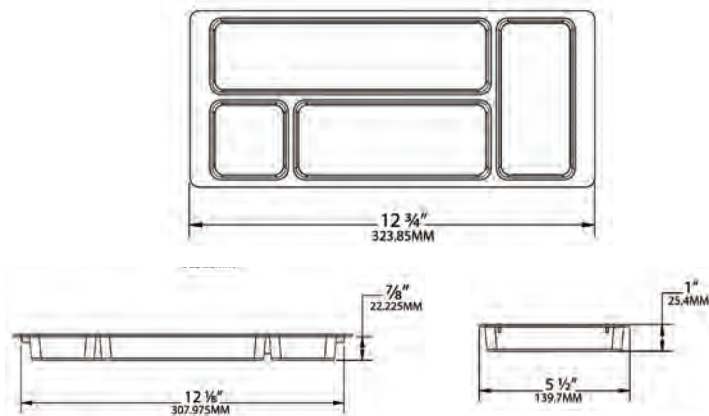

n00k™ DRAWER

There are several small wire management slots on the back of the n00k™ to allow the user to place items such as their mobile phone inside and then draw the charging cord out the back to be plugged in for charging use.

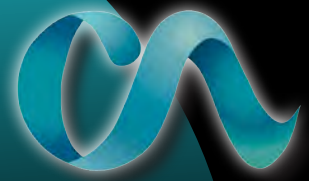

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
	10	CPF-89320	BLACK

PENCIL TRAY

A perfect little organization accessory for the home or office environment, the Pencil Tray is designed to sit on top of most desk drawers and provides additional storage for items such as paper clips, pens, pencils, etc.

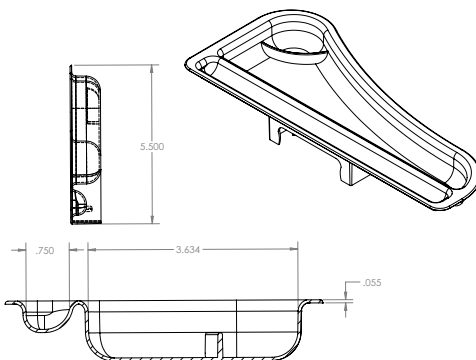

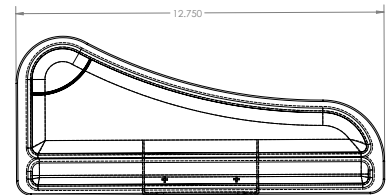

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
PENCIL TRAY	100	CPF-F815P	BLACK

UNIVERSAL DRAWER STORAGE TRAY

The Universal Drawer Storage Tray is a unique design manufactured by us in-house. It is designed for installation anywhere inside a drawer using a wide bracket with two screws, so it does not have to capture one corner for installation. It features a modern curved design with a pencil slot and compartment for various accessories or items. This inexpensive yet universal drawer storage tray offers storage for any space!

		100	CPF-32750W	WHITE

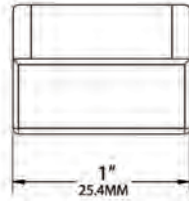

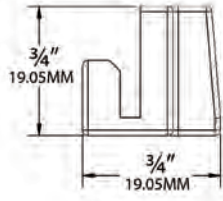

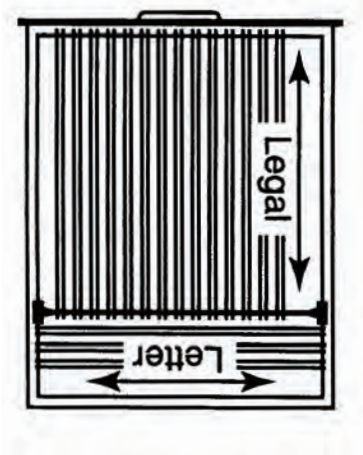

The File Rail Clip converts file drawers to accommodate letter size and legal size folders and is compatible with standard aluminum and steel bar stock. The File Rail Clip always stays in place and is easy to install.

FILE RAIL CLIP

Custom colors are available upon request.

DESCRIPTION	PARTS / CARTON	PART NO.	COLOR
FILE RAIL CLIP	3000	CPF-9000	BLACK
	1000	CPF-900K	BLACK

A clear acrylic desk organizer is mounted on a wall. It features several compartments. The leftmost compartment holds a camera and a pair of glasses. The middle compartment holds a pair of glasses. The rightmost compartment holds a pair of sunglasses. A smartphone is visible on the far right edge of the organizer. The background is a light blue wall with a white baseboard.

Maximize Organization

Desktop real estate is always at a premium. An open desk surface is ideal for impromptu meetings, reviewing blueprints, or just opening up the imagination for new product ideas. Custom Accents® offers flexible, easy to install work space paneling that houses a variety of compartments for office accessories. These hard-working products help keep office clutter under control.

THE CRYSTAL SERIES SLATWALL ACCESSORIES

The Crystal Series accessories are designed to mount directly onto slatwall, tool rails, or most aluminum toolbar panels with no extra clips or attachments needed. Manufactured by us in-house and made with a strong but crystal clear polycarbonate, the Crystal Series are beautiful accessories perfect for inside the home such as the home office and craft room and inside traditional office buildings as well.

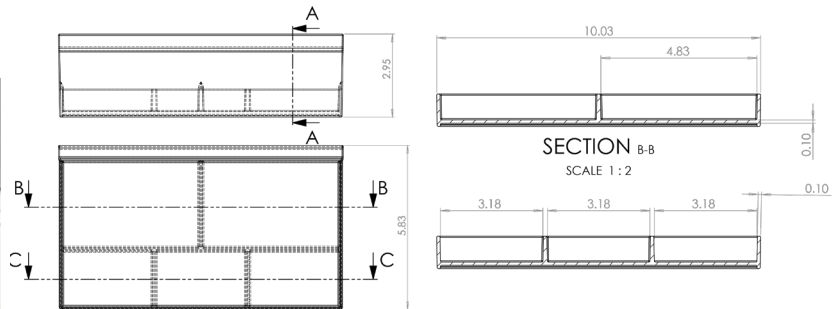

They could also be used in the retail or store fixture environment. Beautiful accessories made in USA!

HANDI TOOL RAIL

The Handi Tool Rail is a new product designed and manufactured by HandiSOLUTIONS® in a similar way to HandiWALL®. Made of the same cellular foam PVC material, the Handi Tool Rail provides all of the benefits of HandiWALL® while allowing a much smaller footprint to be used.

Perfect for the office or home office, as well as areas such as the entry way, storage rooms, mail rooms, closet, pantry, craft room, basement, mudroom, laundry room, and more! Each individual carton comes with the End Caps, color-matched screws, and Color Strips for installation.
