

## B R O N Z E

- PURE BRONZE - 90% COPPER AND 10% TIN
- TRADITIONAL HANDCRAFTED DESIGNS
- WILL NEVER RUST • LASTS A LIFETIME
- CUSTOM FABRICATION AND DESIGN

Coastal Bronze was created to provide a reliable and cost effective source for all solid bronze hardware in rustic old world designs for coastal areas and rustic settings. Coastal Bronze products fill a gap that has existed for years in hardware lines for these types of products.

# Introduction

---

In 2006, we recognized a niche in the hardware industry where the environmental elements weighed heavily on the man made structures within it. Necessity lead to discovery, and discovery lead to the creation of **Coastal Bronze**.

We offer a full line of traditional pure bronze hardware solutions for gates, doors, windows, new construction and remodels. We provide a unique solution for any structure that requires a life long product to combat the harsh outdoor elements while maintaining a classic and charming design.

- Cost Effective and Reliable Old World Designs
- Custom Design and Fabrication for Unique and Challenging Hardware Scenarios
- A Vision Driven by Our Partners as well as the End Users of Our Products
- Dedication to Outstanding Customer Service, Striving to Exceed Expectations

## Commitment To The Environment

---

At Coastal Bronze, our recycled bronze products represent our commitment to the environment.

We care about the planet at Coastal Bronze. With future generations in mind, we carefully choose Manufacturing Materials with the intent of a greater contribution to the health of the environment. Our hardware is manufactured from recycled copper as well as tin salvaged from various sources for a purely recycled process. While our hardware is 100% recycled material, our sub-assemblies and screws are non-recycled.

Shipping and handling will be added to ALL orders.

Prices are subject to change without notice. No shipment will be made until price change is confirmed to customer.

### **Special Orders/Rush Orders**

Up-charges exist for special orders or rush orders etc and will be specified on request. Acceptance of these up-charges must be on the PO or in writing before order processing begins.

### **Freight**

FOB factory dock. Freight is always added to invoice for carrier of companies choice. If shipment is required via customer's carrier, account number must be supplied in advance and included on PO. Expedited service is at the expense of the customer and will be billed at net cost to Coastal Bronze.

### **Drop Ship Policy**

Coastal Bronze does not drop ship to private residences, only to businesses. Customers requesting drop shipment take full responsibility for the merchandise. All drop shipments will incur a special drop ship fee of \$5.00.

### **Claims**

All shipments become the customers' property when they pass into the hands of the transportation carrier. In the event that merchandise arrives damaged, do not refuse the shipment. Note next to your receiving signature that you have received a damaged box and place a claim with the freight carrier. Hidden damage should be reported to the carrier as soon as discovered. Coastal Bronze will assist in resolving the claim.

### **Payments**

Payment terms are Net 30 days from invoice date, unless otherwise stated.

All payments to be made to:

Coastal Bronze, 31121 Via Colinas #1002, Westlake Village, CA. 91362, 877-227-6603

Coastal Bronze reserves the right to change terms for any customer at any time.

Finance charges of 1.50% per month will be applied to balances past the due date. Continued late payments may result in loss of credit terms and orders being shipped C.O.D.

Coastal Bronze accepts credit card payments through, AMERICAN EXPRESS, VISA, or MASTER CARD. Customer may choose any of the listed credit cards for payment of product and/or shipping charges, but payment must be made in advance of shipment.

### **Internet Activities**

Coastal Bronze does not go to market through INTERNET ONLY COMPANIES. The List Pricing for products are on the web site. Showroom dealers who have internet activities may NOT ADVERTISE LESS THAN A LIST PRICE ON THEIR WEB SITE FOR COASTAL BRONZE PRODUCTS. Coastal Bronze will check regularly for compliance with this policy and take appropriate action when non-compliance is found. Our goal is to direct business to displaying showroom dealers.

### **Limited Warranty**

Coastal Bronze warrants all flat goods (non-locking) to be free of defects in material and craftsmanship for five years from the original invoice date.

Coastal Bronze warrants all locking goods, including locks, latches and deadbolts, to be free of defects in material and craftsmanship for 1 year from the original invoice date. In areas of high humidity or proximity to ocean, warrants is 6 months.

These warranties are extended to the original purchaser and the original installation site. Warranty is non-transferable and proof of purchase is required. In any case, Coastal Bronze is not responsible for removal or installation of the replacement hardware or repaired parts, or for any damage caused by mishandling, improper installation, tampering, abuse or any events outside the control of Coastal Bronze.

This warranty sets forth the exclusive remedy with respect to any and all losses or damages resulting from any cause whatsoever. Coastal Bronze shall in no event be liable for consequential or incidental damages of any kind, whether by negligence or otherwise.

Coastal Bronze makes no other warranty, expressed or implied, including implied warranties of merchantability and fitness for a particular purpose with respect to its products except as set for above. No customer, distributor, sales person, showroom, dealer or other entity has the authority to alter these warranties either orally or in writing.

Coastal Bronze adds a patina to all products to simulate aged bronze. Finishes will develop a wear highlight and may change color based on environment. This is not considered a defect, but part of the natural beauty of aged bronze.

### **Order Discrepancies**

All orders are carefully packed and inspected prior to shipping. Coastal Bronze will pay all charges associated with packing or shipping errors. Dealers are required to pay all charges associated with their errors. Mistakes and short orders must be reported within five (5) working days of delivery.

### **Returned Goods**

ALL products to be returned to Coastal Bronze, regardless of reason, must be authorized prior to their return and have a RETURNED GOODS AUTHORIZATION number. All returns must be shipped prepaid, as Collect or COD shipments will be refused and returned to sender. Shipments without an RGA number on the outside of the carton will be refused and returned to sender.

Regular goods are returnable up to 90 days from invoice date if un-opened and in original packaging. Goods must be accompanied with a factory issued RETURN GOODS AUTHORIZATION form and number along with a copy of the invoice.

All returns will be credited at the net value on the invoice less a 25% restocking fee only after inspection. Defective goods will either be repaired or replaced within a reasonable period. Defective goods must be accompanied with a RGA form, RGA number, invoice and freight prepaid. COD Returns will be refused.

### **Cancellations**

Orders may be cancelled prior to shipping. If shipping has taken place, then the customer is liable for shipping charges and a restocking fee of 25%. All orders are shipped within 72 hours of receipt and acceptance by the factory. Customers will be notified of any back orders or delays via e-mail to designated contact.

### **Specifications and Procedures**

Due to the nature of many of the products, in the range, sizes may vary to a small degree. Coastal Bronze reserves the right to discontinue or change any product, design, function, finish or price without prior notice.

### **Strength of Bronze**

Most bronze used in casting hardware today is composed of 85% copper and the rest in various other metals. The strength of steel is two to three times stronger than copper. This is important to note when using bronze to support heavy doors or gates.

### **A Note about Finishes**

Bronze ages gracefully and may change in appearance due to varying environmental conditions. Bronze patina finishes will develop a wear highlight with frequency of use. When bronze is exposed to air it will tarnish quickly and turn brown. Bronze exposed to exterior elements and conditions will turn green. This discoloration is referred to as patina. This patina process starts immediately upon installation. None of these conditions are considered defects, but part of the natural beauty of aged bronze.

We strive to match finishes within a given order, but parts ordered at a later date may not match the original pieces. They should however, age to match the original pieces.

The logo features the word "Coastal" in a large, blue, serif font with a wavy underline. Below it, the word "BRONZE" is written in a smaller, blue, sans-serif font. The background is a technical drawing of a latch mechanism with various dimensions and callouts. Dimensions include  $\frac{5}{8}$ " and  $\frac{1}{2}$ ". Callouts include circled letters B, A, D, and E, and a circled number 3. A box on the right contains the fraction  $\frac{3}{8}$ . On the left, there is a circled number 2 and the text "3/16 REF". At the bottom, there are labels "NOT LATCH SIDE", "SIDE OF SECTION", and "LATCH SIDE".

Hardware International guarantees that all of our Cabinet Hardware products are made from lead-free Solid Bronze and that each item is hand cast, crafted, patinated, and finished with a clear lacquer that helps prevent discoloration over time from weathering and daily use. This finish is guaranteed for one year from date of purchase.

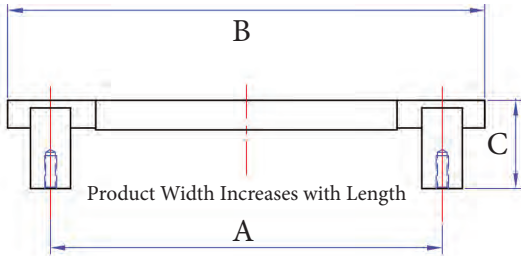

We offer many lines to choose from, including our original Contemporary Two-Tone lines which have 4 finish combinations and are made of individually cast and finished pieces for high-quality durable construction. Set Pins are also included on all Knobs requiring locked positions to prevent spinning and loose installations.

### Installation Tips

As with all hardware, correct installation of products increases longevity. We urge you to not overtighten any screws that are used with these products. Incorrect installation can cause the finish to become damaged or in extreme situations to break or crack.

Damage, scratches, wear, and weathering can all cause finish degradation and steps should be taken to make sure the product is not being damaged or scratched during use.
