

Combine Exceptional Performance and Sustainability with **STA'-PUT®** Adhesive Solutions.

- ✓ Contributes to LEED Credits
- ✓ GREENGUARD Gold Certified
- ✓ OTC Compliant
- ✓ SCAQMD Compliant

STA'-PUT® SP80

Non-chlorinated. Solvent-based.

Low VOC. Water resistant. High solids. High strength, grab & tack. Bonds laminate, wood products, most metals, urethane foams, particle board and many other materials. Sprays with a smooth, non-telegraphing, pebble pattern.

STA'-PUT® SPHS

Non-flammable. Solvent-based. Zero VOC.

Patented non-flammable propellant. High strength & grab. Bonds laminate, wood products, most metals, urethane foams, particle board and many other materials.

STA'-PUT® Z100

Solvent-Free. Post-formable. Zero VOC.

Combines high performance with regulatory compliance. Exceptional heat resistance and aggressive strength. Ideal for post-forming operations.
