

Ethical marketing practices have always been the foundation of all Titebond product categories. The shelf life of a product can sometimes be confusing, and although a product may be past its stated shelf life date, it may still perform as originally designed. Please use this document as a reference guide for the shelf life of all Titebond wood glues, adhesives and sealants. Please note that varying technologies within a product category may result in a longer (or shorter) shelf life.

If you have any questions, please contact our Technical Support Team at 1-800-347-4583, Monday through Friday from 8 am to 6 pm EST.
