UNEESPONGES

UNEEDA

HAND SANDING WILL NEVER BE THE SAME

Available in 3/16in., 1/2in. and 1in. thicknesses, our Uneesponges are all washable and reusable. They are the ideal tools for finishing wood, metal and fiberglass, and can be used for removing raised fibers on whitewood or sanding stain and sealer. Because of the extreme flexibility of the 1/2in. and 3/16in. sponges, they are excellent for sanding mouldings and intricate profiles.

1 INCH BLOCKS

For sanding and cleaning wood, metal, plaster, fiberglass and plastic. Mostly suited for sanding angles and flat surfaces.
